Jane Henney, M.D.
Commissioner
Food and Drug Administration
5600 Fishers Lane
Rockville, MD 20857

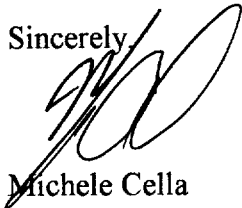

June 27, 1999

Dear Dr. Henney:

I am writing to urge your support for the Center for Science in Public Interest Petition which would withdraw approval to use medically important antibiotics to promote growth in animals. The evolution of antibiotic-resistant bacteria that cause disease is alarming, and action must be taken to slow it.

Thank you for your consideration.

Sincerely,

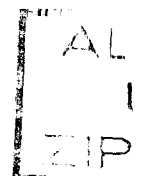

Michele Cella
